Chat Log – Summer Activities

Lisa Lehman from NETA: Welcome Everyone!

Angie Callahan from WHRO, Norfolk: Please type in the Chat Box and let us know what activities your station is planning to address Summer Slide. Thanks!

Laurel Wyckoff from New Mexico PBS: We are training numerous summer camp providers to use PBS Kids and SciGirls curriculum around NM. Partners include YMCA and Boys and Girls Clubs.

Denita Malvern from KERA - Dallas/Fort Worth: Good afternoon, everyone! KERA is hosting a Summer Learning initiative that includes digital PBS resources for children and families and Pop-Up Summer Learning Sessions for targeted groups in Dallas.

Denita Malvern from KERA - Dallas/Fort Worth: Laurel, Kit and I are planning to incorporate SciGirls as well. It's nice to know other stations are using this curriculum.

Laurel Wyckoff from New Mexico PBS: Denita, that's pretty cool. We may be in touch.

Pamela Moore from MPB: Hello, MPB will be hosting a Summer Learning Family Fun Day Event. The event will focus on engaging the community about the importance of school readiness and continuous summer learning. It will include hands-on learning fun at interactive activity stations, including a mobile lab showcasing PBS KIDS LAB games, along with character appearances!

Jenn Baumstein from WMHT: I believe RIF = Reading Is Fundamental.

Laurel Wyckoff from New Mexico PBS: We'll be at a booth at STEM Fest in a local park

Jamie Walters from AETN: Hi! AETN will be hosting several summer day camps, one which focuses on literacy. We are partnering with libraries across the state for summer events to encourage summer adventures. We plan to share summer learning materials with libraries and partners throughout Arkansas.

Cindy Lunte from Idaho PTV: We are doing literacy/STEM programs at libraries and at summer free lunch programs around the state.

Laurel Wyckoff from New Mexico PBS: We have a bunch of hot spots we use for WiFi access. The PBS Kids Playpads are awesome.

Jenn Baumstein from WMHT: Thanks, KET, for the resource ;-)

Eamonn FitzGerald from KET: @Jenn. Most welcome, we have an entire Everyday Learning collection. We tied it to our state standards & some national. Check it out & enjoy

Laurel Wyckoff from New Mexico PBS: We are engaged with our After School network, but they won't pay much attention to summer! It's very frustrating :-(

Jenn Baumstein from WMHT: <http://www.statewideafterschoolnetworks.net/>

Angie Callahan from WHRO, Norfolk: At WHRO we are busy planning summer camps using the Super WHY!, Odd Squad and PBS KIDS Scratch Jr materials. We are also scheduling our Raising Readers Van and our STEM Van at various events throughout the summer. We work with community centers, public schools and public libraries.

Joan Freese from TPT: What kinds of resources do people wish they have? What are they missing?

Laura Miller from WPSU: public event activities!!

Joan Freese from TPT: I'm from Twin Cities PBS, btw. We produce SciGirls and now a Ready To Learn property.

Mary Jo Grieve from WCVE/Community Idea Stations: How do I get the Super Why camp materials?

Joan Freese from TPT: Very helpful. Thanks!

Laurel Wyckoff from New Mexico PBS: We love stickers, booklets, activity sheets, pencils bookmarks swag!

Laura Miller from WPSU: crowds of 400+; hands on with parents

Laurel Wyckoff from New Mexico PBS: It is helpful to have banners. I had some made recently.

Jenn Baumstein from WMHT: <http://pbskids.org/outdoors/>

Eamonn FitzGerald from KET: Some of KET's activities are the ODD Squad Camps in Louisville & Eastern KY, Transmedia Centers(PBS KIDS related devices) preloaded with PB loaned out to incoming kindergarten/preK programs accompanied w/ PD to the teachers about developmentally appropriate practices, usage, troubleshoot, tech for Early Childhood Education (ECE), application of multiple community events throughout the state including maternity fairs, back to school events, family engagement events, statewide Early Childhood Conference, events with Head Starts, Community Action Councils, & Community Early Childhood Councils. Science/STEM/Maker days with partner agencies

Cindy Lunte from Idaho PTV: We have done STEM activities for large crowds that span large age ranges like geometric bubble activities.

Jenn Baumstein from WMHT: <http://www.pbs.org/development/2016/05/31/summertime-is-learning-time-and-development-time-with-pbs-kids/>

Timothy Fowler from NY State Network for Youth Success: Thank you!

Eamonn FitzGerald from KET: Thank you for the insight

Timothy Fowler from NY State Network for Youth Success: timothy@networkforyouthsuccess.org

Jennifer English from Arlington, VA: Thanks everyone.

Suzanne Jones from AETN: Great Job everyone!

Denita Malvern from KERA - Dallas/Fort Worth: Thank you@!
